

Weddings

Couples who pray together, stay together

Congratulations! We are thrilled you want to get married!

Our pastor would love to meet with you both and discuss the meaning of marriage. Each of you should complete an application.

Couples sign a covenant form which describes their commitment to pre-marital counseling. These Biblically-driven sessions make a large impact on setting the couple up for a lifetime of success under God. Counseling should start at least three months before your wedding date.

Again, we are very happy for you! Stop by our office and fill out an application, or we can email you these forms.
